The Day Property to be Sold

The lumber sheds and planing mill of the Day Lumber & Coal Company are to be torn down, taken out and sold, according to a conclusion reached at a meeting of the stockholders in this city Tuesday. The sheds are damaging for the want of repairs, and the machinery has become obsolete. The prevailing high prices of lumber and steel will cause this property to yield handsome returns when sold even as junk and scrap lumber. But it is not likely that this will be done, since there is some very valuable material in this property.

Prior to 1907, when this company concluded active operation of the planing mill, this plant was virtually the life of Clay City. It gave employment to hundreds of men and marketed millions of feet of lumber. It is to be regretted that this plant must be dismantled and sold, but the bulk of timber in these parts is gone, and what has happened to this plant will occur, sooner or later, to every other large lumber establishment in this section. Of course the small portable mill will be ever with us, as there will be an everlasting growth of timber on our lands that will grow nothing else. This will be to work up from time to time, but the virgin forest is practically gone. And a very sad thought is, how much better off is our country for its having gone?

Lumber Prices Soaring

As a result of the depletion of our forests, industries dependent upon wood are already going out of business, with the inevitable depressing influence on their localities. Local exhaustion of the forests is leaving great stretches of land in an unproductive condition, resulting in virtual impoverishment, if not depopulation, of very considerable areas. These conditions are causing lumber to go soaring to never dreamed-of heights.

Death of Mrs. Conlee

Mrs. Susan Conlee, aged 86 years, died at the home of Tom Conlee on North Bend, Thursday morning at six o'clock of old age. The remains will be buried tomorrow at the Welch graveyard. She is survived by three sons, J. M. Conlee, James Conlee and Tom Conlee, and Mrs. John Stephens all of the county. Before marriage Mrs. Conlee was a Miss Arthur. Mrs. Mariah Rose, a niece, of this city, will attend the funeral and burial.

With Our Advertisers

Mrs. Williams has an important change in her advertisement this week; Hardwick & Co. are selling a certain kind of shoes at a reduction; Bedford & Tuttle are bidding for more of our country trade. Read changes in these advertisements and patronize those merchants. It will pay you.

Sells Place

Weed Townsend has sold the place across the river in old Clay City that he bought from F. G. Conlee to Coleman Hall, of Pilot, for \$2,000.

Great Entertainment Feb. 16

Beautiful Irish melodies will be a feature of the program to be given here on the Lyceum course Monday evening Feb. 16th by the Colleens Company, who are artists of exceptional ability.

The folk songs and ballads of old Erin possess a plaintive sweetness which makes them a universal favorite. The presentation of the songs of Ireland by the Colleens will be a distinct event.

The Colleens' program is as varied as it is delightful. A Salvation Army sketch and an attractive playlet find an appropriate place in the entertainment while selections from the standard operas are a striking feature.

The entire program, both from the vocal and instrumental standpoint, is presented in a finished and artistic manner.

Four young ladies comprise the company.

Has Bad Attack of Pneumonia

Mr. and Mrs. John W. Mize, of Vaughn's Mill, have been notified by telegram and letter of the serious illness of their daughter, Mrs. Geo. B. Wiseman, at Akron, Ohio. A letter later received conveys the good news that she is some better, though not yet out of danger. She is suffering with double pneumonia following an attack of flu.

The letter announcing the illness was mailed after the dispatch of the telegram but, as usual, when telegrams are sent over the Western Union, the letter arrived first. Persons telegraphing Clay City people had better write a letter unless they use Postal Wires. We have known death messages to be delayed a week when sent to Clay City persons over the Western Union lines.

Sam T. Carr Enters the Oil Game

Sam T. Carr last week bought the entire holdings of the Southern Producing Company on Big Sinking in Lee county. This property consists of one new Star Drilling rig, lot of casing, tubing, oil tanks and etc., besides their leases. The price paid was \$11,000. Mr. Carr went to Big Sinking Monday morning to take charge.

Dr. J. W. Ishmael Passes Away

Dr. J. W. Ishmael, of the firm Ishmael & Ishmael, of Winchester, died Feb. 6th, of pneumonia. He was 70 years old and had practiced medicine in Winchester the past 33 years. Was one time a partner of Dr. M. S. Browne, also of Winchester. He is survived by one son only, his wife having passed away some time last summer.

Lincoln's Birthday

Today is Lincoln's birthday, one of the eventful days of this month, the others being Groundhog day, the 2nd; St. Valentine's day, the 14th and Washington's birthday the 22nd.

The Sunday School at the Christian Church is growing, the attendance Sunday being eighty-one. If there is anyone who is not attending some other school, you are invited to this church.

Farm Bureau Federation

The first state convention of the Kentucky Farm Bureau Federation will be held in Louisville, Feb. 17th and 18th. At this meeting the State Federation will be permanently organized. Officers will be elected, an executive committee appointed and a permanent plan of work will be outlined. Legislation, good roads and rural schools will be discussed.

The Federation is an organization of farmers, by farmers and for farmers. It is 100% American and it is expected that between 500 and 1000 men will be in attendance at the Louisville meeting.

I. O. O. F. to Build Home

The Odd Fellows of Clay City, who now meet over the Clay City National Bank, will endeavor to raise funds and erect a building of their own. A special dispensation from the Grand Master of Kentucky grants the local Lodge to solicit funds from the Brother lodges of the State to aid in this building. There are forty-seven thousand Odd Fellows in Kentucky. If each one of them will give but ten cents a piece the hall will be built. They surely will do this.

Paper Sells For Ten Cents

The Lexington Herald Tuesday morning sold in the L. & E. train going up for ten cents per copy. They were in great demand even at this high figure and many purchasers threatened to get even with the newsboy for sticking up the price because all wanted to read of the activities in Lexington the day before. Many said they would refrain from buying papers in the future from this agent unless something unusual happens, as in this case.

Moderator Over Debate

Elder L. F. Martin was at Willsburg last week where he presided over a debate between Elder E. Winkler and another minister of the Christian Church. The question of debate was, "Affirmed that the use of the organ in Church Services is unscriptural." Bro. Winkler defended the organ. The debate was largely attended, and by a majority vote of those attending, Bro. Winkler gained his point to the fullest extent.

Bank Report

The Powell County Deposit Bank has another one of their splendid reports published in this issue of The Times. This bank, under the efficient Cashiership of Mr. Howell, is furnishing the people in that portion of the county a safe depository and is proving a paying investment for its stockholders.

TO AVOID THE "FLU"

First Of All Make Sure Your Blood is Red and Rich—in Fighting Trim

SAFETY IN VIGOROUS BLOOD

If You're Listless and Depressed Don't Delay a Minute—Get a Good Tonic

If you get the influenza, see a doctor at once—but why get it? Isn't it worth while, instead, to take every precaution now, against getting it?

Probably the best and first thing to do is to make sure you are in good physical condition. During an epidemic, almost everywhere you go you are exposed to influenza. As long as you are really well, the red corpuscles of your blood fight off and defeat disease germs. But when you are tired and run down, when you feel all right except that you haven't much energy or enthusiasm, your blood is tired out too, and you are an easy victim.

Pepto-Mangan has become famous as a builder of rich, vigorous blood. It helps you up when you are run down. It helps you avoid illness. Or, it helps you recover, if you realized your poor physical condition too late.

Physicians have been recommending Pepto-Mangan for years in cases of anemia (bloodlessness). It is reliable, effective, and has a record of over twenty-five years success. Take no chances with run-down condition. Get Pepto-Mangan today. It is good health insurance.

Pepto-Mangan is sold in liquid and tablet form. There is no difference in medical value. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan—"Gude's". The full name should be on the package. (Advertisement)

Strike Planned For Tuesday

If not adjusted before that date, all railroad employees will strike for higher wages or lower living expenses. There is not a ten thousand dollar farm in this country producing meat and bread from the labor of its owner paying one-half as much per year, when interest and upkeep of the place is considered, as the average wage of the railroad man. The farmer is the only man we know of really justified for striking. They should cut their crops just one-half in two or get double the pay they are getting for the eatable products.

Owing to the fact that we have had to give considerable of our time to other pressing needs, incident, in fact, to building and moving our family, the first two weeks we have been late. But, we are now domiciled in the old Forge Mill house which has been rebuilt into a nice little bungalow, and this should enable us to give more of our time to the paper and get it out promptly each week, as is our usual custom.

The Times office will remain where it is for a few weeks longer, through the kindness of Mr. J. R. Stone, the owner of the building, who recognizes the handicaps to building in the winter time.

THE COLLEENS.

The songs of Ireland, famous for their plaintive sweetness, are presented by The Colleens as one of the features of an evening repete with interest and variety.

The Colleens' program opens with a village scene in Ireland and the four young ladies who comprise the company are appropriately dressed in Irish costume.

A Salvation Army sketch is another feature of the program, and the great work of the Salvation ladies in the

A. E. F. is set forth both in song and story.

Another part of the concert is devoted to the rendition of selections from the standard operas. This is a feature which never fails to please Lyceum audiences.

An attractive playlet, a complete sketch given in costume, is still another part of the program which will help to make the Colleens' entertainment full of variety and vivacity.

The entire program, both from the vocal and instrumental standpoint, is presented in a finished and artistic manner.
